Says America Should Be Able to Enforce Peace Throughout the Earth.

ARMAMENT NOT FOR WAR

Address on "War and Preparedness: What Shall Patriotic Men Do?" delivered last night at the second annual convention of the Laymen's Efficiency League St. John the Divine, urged that America should be made so strong in preparedness that it would be able to guarantee the peace of the world.

He also suggested that every man of means enough to pay an income tax should give to the war sufferers an amount equal to that tax. His address

Shall we say, therefore, that while we may have peace among individual men we cannot have peace among individual men we cannot have peace among mations? I refuse to admit this, I believe that out of the terrible and consuming turmoil of the present European war will come that peace among nations that has been a human ideal to say to any mation shat has been a human ideal only in revent years. My answer is, Make America so strong in preparedness that it will be and wreaking death and destruction upon each other, the nations will appear as litigants before the permanent court of arbitration and peaceful equity will be substituted for combat in the disagreements of nations, as well as in the differences of individuals.

"It requires strength to enforce peace.
No community can compel order without a well orsanized and sufficiently strong police force. The law abiding citizens cannot control the brawlers by moral standon alone. Law and order require preparedness in the shape of night sticks, revolvers and bandouffs. The brawlers among the nations can be prevented from breaking the peace only by such strength on the part of the peaceful and law abiding nations as as will overawe the quarressome, law breaking mations and compet them to behave.

"I have no patience with the idea that and of the contenders in the present war and they got it, and it hey wanted war and they got it, and it hey wanted war and they got, and they are paying the price, and they are paying the price. "—and then with just a few weeks more of Sanatogen"

On the road to health at last! And yet how impatient you are to be up and going. But it is now, when the system is trying to rebuild its store of energy, that you will be most grateful for the reconstructive help of Sanatogen.

Sanatogen, you must know, is a natural food-tonic, combining purest albumen with organic phosphorusthus conveying to the wasted system the vital elements to build up blood and tissues, and it is so remarkably easy of digestion that the most delicate-young and old can take it with nothing but beneficial effects.

It reawakens the appetite, assists digestion, and as a physician in "The Practitioner," a leading medical journal, says, "It seems to possess a wonderful effect in increasing the nutritive value of other food material." Madame Olive Schreiner, the guited writer, states: Nothing that I have taken for years has given me such a sense of vigor

When we tell you that Sanatogen is used by the medical profession all over the world as an aid to convalescence and as an upbuilder of strength and vitality, Platt and former Senator Taylor have that more than 21,000 physicians have written letters commending it, you will understand that our confidence in recom-

mending it to you is firm and sincere.

Won't you give Sanatogen the opportunity to help bring back you-or some-one that is near and dear to you-to health and strength?

Sanatogen is sold by good druggists everywhere in sizes from \$1.00 up
